

Bailey Bunk Bed

Your little ones are growing up. And so are we! Meet Bailey, DaVinci Kids' firstborn. A twin-over-twin bunk bed, it's a stylish way to save much-needed space. Made of solid wood and crafted with the same classic lines and charming sophistication of our cribs, Bailey is another solution for your growing family. With Bailey, you will never have to worry about your kids safety, because we do it for you. Safety is our #1 priority, and we have included a guardrail on the top bunk for added protection, a ladder that is built in for more stability, and a slat roll foundation on both beds for extra strength. And because we also understand the importance of adaptability, we have made sure Bailey can easily be converted into two separate twin beds when the time is right for your tiny tots. We are looking forward to having Bailey be a part of our family for years to come, and we hope you are too!
